

HANER SOLUTIONS LTD.

Expand Your Business Globally

International Business Development & Consulting

Who We Are

Haner Solutions is your strategic partner for global expansion. We specialize in unlocking international markets and optimizing business operations for sustainable growth. With a deep understanding of cross-border dynamics and industrial systems, we empower companies to scale confidently.

Our Core Services in Brief

- **Business Development:**
Tailored strategies to grow your market presence and client base.
- **Sales Development:**
Enhancing sales pipelines and performance across international territories.
- **Market Entry Consulting:**
Expert guidance for entering new markets with minimal risk.
- **Business Operations Support:**
Streamlining workflows and improving operational efficiency.
- **Supplier Development:**
Building reliable, high-performing supplier networks globally.

Our Competencies

- **International Business Development**
 - Strategic market entry planning across Europe, MENA, and Asia
 - Multilingual communication (Turkish, English, Polish) for seamless cross-border operations
 - Deep understanding of cultural and regulatory landscapes

- **Sales & Operations Optimization**
 - Development of scalable sales strategies tailored to target regions
 - Workflow streamlining and operational support for clients
 - Supplier development and performance enhancement
- **Strategic Evaluation & Troubleshooting**
 - Product and process evaluation for efficiency and reliability
 - Systematic troubleshooting of technical and operational challenges
 - Agile adaptation to client-specific needs and constraints
- **Collaborative Project Management**
 - End-to-end support for international projects
 - Coordination between stakeholders, suppliers, and clients
 - Transparent communication and goal-oriented execution

Why Choose Us?

- Personalized consulting with technical depth
- Agile solutions for dynamic markets
- Free initial consultation to explore your needs
- Trusted by clients across Europe and beyond
